Description

African Gemstone Epidote - Snowflake selection of as a gifts would be ideal for your partner. Epidote Snowflake This is a stone that can encourage recovery and regeneration after a severe illness, or indeed, after great exhaustion brought on by overwork. Epidote helps to lift the emotions, and also helps to dissolve sadness, sorrow, self-pity and grief. It is a very good stone for helping us to overcome the frustration often caused by failure as it helps us to admit and accept our weaknesses. It is said to stimulate interaction with other people and groups of people and to help you to 'take part' in things. People enjoy African Gemstone because they are beautiful natural materials that have been given a pleasing shape and a bright polish. They are popular in jewellery, craft, souvenir, awards, collectable. Many people enjoy collecting interesting rocks. By placing gemstones within a person's aura it is possible to change the vibrations of that aura. Whatever your beliefs gemstones are attractive, interesting and fun to study and collect. These gemstones are packed in bags of 20 the are approx imately 20mm - 30mm per stone. You wouldn't want to miss out on exploring our impressive collection of products in this this

African Gemstone Epidote - Snowflake

section. It's an offer that's definitely worth your attention.
