Description

Ball Shaped Deodorant Stone is an excellent choice for a present to give to someone important in your life. Himalayan Salt Deodorant is a pure, hand-mined salt that is derived from ancient sea salt deposits in the foothills of the Himalayas. These Natural deodorants from are not processed in any way except they are carved from natural chunks of Himalayas Crystals. The deodorant stone leaves a layer of protection that helps prevent odour causing bacteria from forming. Himalayan Salt has a rich mineral content that includes over 84 minerals and trace elements such as calcium, magnesium, potassium, copper and iron. You can use Himalayan salt deodorant for a chemical-free alternative to commercial deodorants. You can wet it and use it as a regular deodorant bar to provide an invisible layer of salt to deter odours. Sea salt is known for its stimulating and soothing properties. Himalayan Salt Deodorant Stones can be used in a variety of ways, can be frozen to give a cooling sensation or heated and applied to any area of the body for a nice warming sensation or even used as a massage stone to get deep relaxation and improving sleep quality, helping the relaxation to the body as the stones gently draw toxins from the skin while soothing tense, sore muscles. The Salt Deodorant Stone is not meant to be used internally. Natural Mineral Salt deodorant protection. It feels clean and fresh. Hypoallergenic and Fragrance-Free. Eliminates body odour. Unisex.
