Description

Benzoin Resin 50g is also a great as a favor option for someone special to you. The smoky fragrance produced by burning Benzoin Resin placed on charcoal disks is quite unique and amazingly evocative. . Burning resin incense is a pleasant sensory experience, the fragrance of burning incense changes our emotions, perception, and moods. All Incense Resins are sold in 50g tubs the weights are approximate and may be 45-50g . . Burning Incense Resin: Light the charcoal and place it in your incense holder. Hold the charcoal with tongs. The charcoal will then self-ignite across the surface. When the charcoal starts to go grey around the edges this is the time to add resin. Often people add sand to incense holder to help absorb heat. We have a range of products in this this

Benzoin Resin , home fragrances,

segment and this offer may catch your interest.
