The tea leaves in the soap help exfoliate and cleanse the skin, and the olive oil extracts leave it feeling fresh and moisturised. Olive Oil soaps were one of the first vegetable made soaps. They are hand made using traditional cold process making method and are also SIs and parabens free. The natural fat may help to provide protection, improve skin tone, softness and youth of skin through restructuring oil action. Soap slices are sold wrapped in waxed paper with an ingredients label and weigh approximately 100g . Please Note: Soaps are hand-made and the colour or design may vary from the pictures shown.
