Description

Palo Santo Large Incense Sticks - 20cm is an excellent as a giveaway choice for that special someone in your life. Incense sticks are hand rolled in Peru and made of Palo Santo. Size 20 cm each and 1 cm wide and burn approx imately 75 mins. Palo Santo literally means holy wood and is, just as white sage, originate from the native Indians in South America. Centuries ago they already used it during ceremonies to clear the aura and to heal from negative influences. In Europe too, people choose to buy the holy wood to clean their houses or just for the fragrances in its purest form. The fragrance can be described as a warm, wooden and lightly aroma with a sweet touch that sometimes slip trough. In comparison with white sage (that is also used for the same purpose) , Palo Santo gives off a very mild odour. We can't imagine anybody who wouldn't be charmed by the natural and therefore spiritual smell. Our this

product range is vast and certain to captivate your attention.
