Country of origin	Spain

Description

The **Seaweed - Olive Oil Soap - SLICE** as a giveaway selection I have found would be an ideal choice for your partner. Seaweed has an exfoliating effect and may help to treat cellulitis and fluid retention. Olive Oil soaps were one of the first vegetable made soaps. They are hand made using traditional cold process making method and are also SIs and parabens free. The natural fat may help to provide protection, improve skin tone, softness and youth of skin through restructuring oil action. Soap slices are sold wrapped in waxed paper with an ingredients label and weigh approximately 100g. Please Note: Soaps are hand-made and the colour or design may vary from the pictures shown. You may find it worthwhile to delve into our selection of products within this this

group. This opportunity may pique your interest.

Product category: Health & Beauty > Personal Care > Cosmetics > Bath & Body
