Description

In need of the perfect as a bestowal for your significant someone? Look no further, **Small African Tumble Stones - Tigers Eye - Golden** array of presents is the answer. Tiger's eye is a rare mineral belonging to the quartz family. It has yellow and yellow-brown color, it is brittle and opaque. It owes its name both to the colour and the optical effects caused by the sun rays. Tiger's eye is a popular collector's and decorative stone. It is often used as an amulet. Many different properties are attributed to him. Talismans with a tiger's eye were worn by warriors. Today it is recommended to beginning businessmen and people who dream of prosperity and financial independence. We highly recommend checking out the products in this particular this

variety. We assure you that this offer will capture your attention.
